SUMMER ISSUE 2

### ADMINISTRATOR'S COMMENTS

Blessings! The summer continues. Things at school are rather quiet. Pete Smagacz is in Poland on a mission's trip. We are eagerly awaiting his arrival back to school as there is a lot of work to be done when he returns. We will be putting out an SOS in regards to the lockers. We will need a lot of help to fit them back together and get them installed. Of course, you can see that Terry Zimmerle is still in need of help in the library.

I am concerned about the understanding of the SAT test results that you received. In one of the classes I'm taking at UNO, we are talking about district data. As I showed a copy of one of our student reports (personal information removed), there were teachers who did not understand fully what was on the report. Please keep the SAT report and bring it to school for your child's first parent/teacher conference. It is only one test; it does not have the significance that some people put on it, but I do want to make sure that you know what it is about.

There is much to do over the summer months. Do not stop praying for the school and its leadership, and in all you do this summer, acknowledge Him.

... Your Help is Needed!

The library is in the process of barcoding all the books in the library so that this fall we will have an automated library system and have a library system to better serve our students and teachers. One of the many tasks to make this happen is to put a barcode on each of the over 17,000 books we have!

**Here is our tentative\* summer schedule.**

**Wednesdays: 10:00 - 4:00**
